

WARRIOR SPRAY PUMP

Graco Warrior is an air-operated diaphragm spray package that applies a high quality, decorative finish to wood and metal parts. Warrior is a more effective alternative to traditional pressure pots and standard diaphragm pumps.

APPLICATIONS

Warrior is designed for use in many industries including marine, railroads, metal finishing and fabrication, heavy equipment manufacturing and many more.

Ideal for applying primers, base coats and topcoats as well as spraying stains, sealers, lacquers and topcoats.

BENEFITS

- High quality finish, low pulsation output and smooth pump changeover deliver a consistent spray pattern and uniform film thickness.
- Rugged, stainless steel or aluminum construction pump handles a wide variety of fluids.
- Supplies up to 35% extra air flow to gun for superior atomization.
- Saves material and time during flushing, priming and color changes.
- Sprays a wide variety of material viscosities.
- Reduces operator fatigue.

KEY FEATURES

HIGH QUALITY FINISH

Low pulsation output and smooth pump changeover deliver a consistent spray pattern.

EASY-TO-USE

Quick color changes and fast material refills save time and money.

RUGGED CONSTRUCTION

Stainless steel or aluminum pump handles a wide variety of fluids.

SPECIFICATIONS	
Maximum Fluid Working Pressure	100psi
Maximum Air Inlet Pressure	100psi
Maximum Fluid Flow (Pump at 212cpm)	32 Litres Per Minute
Pump Displacement	160cc/cycle
Air Inlet Fitting	1/4" npt (female)
Air Inlet Fitting	3/8" nps (male)
Fluid Outlet Fitting	3/4" npt (female)

WARRIOR CART MOUNT PACKAGE
Our most popular model

WARRIOR STANDARD MOUNT PACKAGE
Stable design prevents spillage

WARRIOR PAIL MOUNT PACKAGE
Pail mount convenience

WARRIOR WALL MOUNT PACKAGE
Wall design to suit custom projects
