

TIGERFLEX FLEXIBLE VACUUM HOSE

DESCRIPTION

This hose is designed for dry abrasive, shot blast, and wet abrasive/slurry recovery. It's industry renowned for its durability and flexibility, even in extreme environments. Also available in different diameter sizes and lengths.

APPLICATIONS

Typically used for dry abrasive, shot blast, and wet abrasive/slurry recovery in the blasting industry.

KEY FEATURES

- SBR rubber tube with rigid PVC helix
- Abrasion resistant for longer hose life
- Designed to prevent static build-up
- Hose remains flexible in sub-zero temperatures

PART NUMBERS

|-------------|---|
| AHVTR050100 | TigerFlex TR1 Flexible Vacuum Hose 2" - 100ft |
| AHVTR05050 | TigerFlex TR1 Flexible Vacuum Hose 2" - 50ft |
| AHVTR075100 | TigerFlex TR1 Flexible Vacuum Hose 3" - 100ft |
| AHVTR07550 | TigerFlex TR1 Flexible Vacuum Hose 3" - 50ft |
| AHVTR100100 | TigerFlex TR1 Flexible Vacuum Hose 4" - 100ft |
| AHVTR10050 | TigerFlex TR1 Flexible Vacuum Hose 4" - 50ft |
| AHVTR150100 | TigerFlex TR1 Flexible Vacuum Hose 6" - 100ft |
| AHVTR15020 | TigerFlex TR1 Flexible Vacuum Hose 6" - 20ft |
| AHVTR15050 | TigerFlex TR1 Flexible Vacuum Hose 6" - 50ft |
| AHVTR20020 | TigerFlex TR1 Flexible Vacuum Hose 8" - 20ft |
| AHVTR20050 | TigerFlex TR1 Flexible Vacuum Hose 8" - 50ft |

SPECIFICATIONS

| | |
|-----------------------|---|
| Interior diameter | 2" - 8" |
| Bending Radius at 68° | 1.5" |
| Weight | 0.70 lbs/ft |
| Construction | Super elastic black abrasive resistant PVC with exposed yellow spiral |
| Reinforcement | Yellow rigid PVC spiral |
| Temperature Range | 23°F to 122°F |
