

BRISTLE BLASTER® CORDLESS

DESCRIPTION

The new cordless technology for the Bristle Blaster including the safety switch. This makes it easier to work in areas that are difficult to access, for instance at great heights.

Includes new anti-vibrating handle and a new robust fronthead.

- Chargers are part of the Cordless Alliance System; you can combine machines, battery packs and chargers of different manufacturers without any problems
- Approx. 25 minutes surface preparation time for 8Ah/18V
- Adjustable accelerator bar to fit difficult to reach objects
- 2200 rpm for single belt operation

WHAT IS THE WORKING TIME OF THE BRISTLE BLASTER CORDLESS?

The working time of the Bristle Blaster per m², depends on the following factors:

- Hardness and quality of the base material
- Rust grades present (A, B, C, D)
- Coatings applied (type, thickness)
- Scale layer
- Adhesive residues

Example: A working speed of 1.1 m² per hour was achieved on a pipe made of API-5L-X42 steel with rust grade D.

FREQUENTLY ASKED QUESTIONS

What results does the Bristle Blaster Cordless Technology deliver?

The cordless Bristle Blaster technology is capable of removing corrosion and coatings quickly and thoroughly. At the same time, the Bristle Blaster creates surface preparation grades comparable with Sa 2½-3 and roughness levels of up to 120 µm Rz at aluminium.

Example: Roughness levels of 65-83 µm were achieved on a pipe made of API-5L-X42 steel with rust grade D.

BRISTLE BLASTER CORDLESS DRIVE UNIT ONLY HTROTBPCC

Includes:

- Bristle Blaster Cordless Drive Unit
- Carry Case
- 5 x 23mm Wheels
- No Battery or Charger

BRISTLE BLASTER CORDLESS SILVER KIT HTROTBPCCSILVER-US

Includes:

- Bristle Blaster Cordless Drive Unit
- Carry Case
- 5 x 23mm Wheels
- 2 x 18V 8.0Ah LiHD Batteries
- Rapid Charger for 1 x 18V 8Ah Battery

BRISTLE BLASTER CORDLESS GOLD KIT HTROTBPCCGOLD-US

Includes:

- Bristle Blaster Cordless Drive Unit
- Carry Case
- 5 x 23mm Wheels
- 4 x 18V 8.0Ah LiHD Batteries
- Rapid DUO Charger for 2 x 18V 8Ah Batteries

ACCESSORIES PART NUMBERS

HTROTBPCCGOLD-US	Battery Twin Pack for Bristle Blaster Cordless, 2 x 18V 8Ah Batteries
HTROTBPCCSILVER-US	Rapid Charger for 18V 8Ah Batteries
HTROTBPCCSILVER-US	Rapid DUO Charger for 2 x 18V 8Ah Batteries
HTROTBPCC	Bristle Blaster Wheel 23mm Carbon Spring Steel (SINGLE WHEEL)
