

BULK BAG RACK

DESCRIPTION

Bulk bag racks are the easiest way to efficiently fill a bulk pot. Bulk bags store large amounts of abrasive and reduce general costs.

Improve worksite safety by adding a bulk bag rack to your setup, which eliminates the need for a man lift.

KEY FEATURES

- Lower profile to make loading easier
- Solid bottom creates a guide for abrasive flow and protects operator's head
- Forklift pockets for easy lifting
- Adjustable legs for universal installation

PART NUMBER	
BA840001873	Bulk Bag Rack - Orange
SPECIFICATIONS	
Dimensions (L,W,H)	115" x 62" x 89" (146" high with bag rack)
Weight	2,920 lbs
